

BISHOP HENDRICKEN HIGH SCHOOL

Senior Scholarship
Supplement
2009

We are very pleased to present for your inspection the ninth annual Senior Scholarship Supplement. This consists of a listing of all Scholarships that have been reported to the Guidance Office by the institutions, the organizations, and the students themselves through Friday, May 15th – the date that this listing went to press. *Please take note of the following.*

Scholarship totals represent the projected four-year total dollar value of the Scholarships offered. All institutional offers are renewable annually, usually with the obligation of maintaining a “B” average.

Many private and organizational Scholarship programs will not make their awards until June or July and are obviously not part of this listing.

This listing does not contain Scholarships that have been offered for special talents such as athletic or performing arts excellence. In virtually all cases the Scholarships listed here were awarded for academic accomplishment with leadership and service often being accompanying criteria in making the award.

If any Scholarship awarded prior to this evening has been omitted, it was because that award was never made known to the Guidance Office.
